

Jennifer L Hall

We are in a difficult and critical time. I believe that it is crucial for us to come together to support vulnerable students, families, and one another. Members need a union home, as well as a fighting union. I pledge to keep standing, writing, speaking and fighting for my union brothers and sisters. It takes ALL of us. Remember, you -- WE -- ARE the UNION! I am a veteran educator, and one of your NEA State Delegates. I am asking to represent you the WEA this year. Thanks and SOLIDARITY!
