

## Stef Skiljan

I am a newly elected rep on our SEA Board of Directors, excited to be more involved in decision-making, advocacy, and organizing for our union. I want to attend WEA and NEA to learn more about how decisions are made at various levels of our union, connect with union siblings from all over the state and country, and represent SEA members in those spaces. I hope to bring SEA's voice to the conventions, and bring back more perspective and valuable experience.
