A common concern shared by new members and current members alike is the cost of their union dues, "Is it worth it?" I'm Ashley Myers, a Career and Technical Educator, teaching in Seattle Public Schools since 2012, who enthusiastically answers, "Yes!" to this question.

As the Seattle Education Treasurer through the end of this school year, I plan to achieve the goals above by:

- Publishing transition and training materials for members interested in running for Treasurer in future elections
- Presenting Monthly Budget Status Reports, with written and verbal commentary on large transactions and any deviations from the monthly forecasted budget
- Give high-level overview and deeper dives to interested members on the SEA budget development process & timeline, such as the presentation of a preliminary 2025-2026 budget at the May 2026 Board of Directors meeting
- Be available for office hours, by email, and accessible at Representative Assemblies

I ask for your vote to be a steward of the financial contributions that you, and every member, make to our collective funding. Through our solidarity and celebration, I have been gifted a community to which I feel deep gratitude.
